SUBJECT.

Mahomedan Burial ground in Nileswar

The case is not submitted in a clear manner. It would appear that the burial ground in question belongs to the municipality & that an extension of the ground is necessary. Should this be so, then it is not clear why compensation for the required additional land should be paid by the Kazi of Nileswara. If however the burial ground be private property, there then seems to be no necessity to acquire the land under the provisions of the Land Acquisition Act, as a matter of fact no action can be taken under the Act for the land required unless it must be needed for a public purpose & the compensation to be awarded to be paid by a Company or Municipality or

partly out of public revenues or some
fund controlled or managed by a local
authority - vide Section 6 (1) of Act I of 1894.
If approved, the Collector may be asked
for further information -

No. 4490

From

R. C. H. MOSS. KING, Esq., I. C. S.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Collector,
Civil and Military Station,
Bangalore.

Dated Bangalore, 10th September 1904.

Sir,

I am directed to acknowledge the receipt of your letter No. 2267, dated 3rd September 1904 regarding certain land required for the extension of the Mahomedan burial ground at Nilsandra

2. It would appear that the Mahomedan community require some fresh land for the purposes of a burial ground and that they are ready to pay for this land, to the use of which as a burial ground the Commission are prepared to agree. Whether the existing burial ground belongs to the Municipal Commission or not has not been stated, but presumably the new land, which is at present the property of private individuals, will not after acquisition vest in the Commission but in the Kazi of Nilsandra who will pay the compensation therefor.

3. In these circumstances formal acquisition of the land under the ~~xxxx~~ Land Acquisition seems ~~xxx~~ neither possible nor necessary.

If the Mahomedans are ready to obtain the land by private treaty, all that seems required is that the Commission should under Section 107 of the Bangalore Municipal Law agree in writing to the formation of a new burial ground on this site.

4. On the other hand, if the land is to be acquired under

under the Act, the compensation for the property must under Section 6 be paid "wholly or partly out of public revenues or some fund controlled or managed by a local authority." Part at any rate of the compensation would therefore have to be paid from Municipal funds, and if this is done, the officiating Resident considers that the land should be formally acquired on behalf of the Municipality to be assigned by them for the purposes of a burial ground.

I have the honour to be,

Sir,

Your most obedient servant,

Sd/ R.W. King

First Assistant Resident.
